Chislet Church of England Primary and Hoath Primary Schools

### **Beyond Expected in Reading**

More able children in reading can....

- Discuss and evaluate with confidence how authors use language and make the choices that they do
- Make comparison across texts with detailed evidence from previous experience
- Asking questions using previous experience and reading repertoire- including probing and expanding questions.
- Drawing inference by using personal experience and able to identify reasons for characters actions etc.
- Reading a wide array of texts chosen by child to develop enjoyment and broaden knowledge and understanding of the world around as well as the use of language
